Founder & Host

PUBLIC SERVICE COMMISSIONER TIM ECHOLS

Tim Echols, is Vice Chairman of the Georgia Public Service Commission and has been a champion for alternative-fueled vehicles since he took office in 2010. He has owned natural gas, propane and electric vehicles and created the Clean Energy Roadshow to help businesses and local governments see the benefits of clean fuels in transportation. Echols has been dubbed the "solar architect for Georgia" and he co-founded the Hydrogen Energy Braintrust. He has 3 degrees from the University of Georgia and hosts a weekly radio show on Cox Media.
